

## Four programs, one lender, one process.

We fund business-purpose real estate loans nationwide. Send us the deal and you get a real term sheet the same day - with the leverage, rate and reserve requirement spelled out before your borrower is under contract.

|                                                                                         |                       |                                                                                             |                        |
|-----------------------------------------------------------------------------------------|-----------------------|---------------------------------------------------------------------------------------------|------------------------|
| <b>Fix &amp; Flip / Bridge</b>                                                          | <b>RTL · 1-4 unit</b> | <b>New Construction</b>                                                                     | <b>GUC · ground-up</b> |
| <i>Purchase plus rehab on one short-term note, with the full rehab budget financed.</i> |                       | <i>Land and vertical build on a single note, with interest only on what you have drawn.</i> |                        |
| <b>Rates</b> 9.5% - 12%, 1-4 points                                                     |                       | <b>Rates</b> From 10%                                                                       |                        |
| <b>Leverage</b> Up to 92.5% LTC and 75% of ARV                                          |                       | <b>Leverage</b> 85% of land + 85% of construction costs                                     |                        |
| <b>Credit</b> 680+ FICO, better terms at 700 and 740                                    |                       | <b>Credit</b> 680+ FICO                                                                     |                        |
| <b>Rehab</b> 100% of the budget, drawn after inspection                                 |                       | <b>Interest</b> Non-Dutch - you pay only on drawn funds                                     |                        |
| <b>Term</b> 6 - 18 months                                                               |                       | <b>Term</b> 18 or 24 months                                                                 |                        |
| <b>Loan size</b> \$100K - \$3M                                                          |                       | <b>Loan size</b> \$100K - \$7.5M                                                            |                        |

| <b>Cash-out</b> Up to 75% LTV, no seasoning required                                         |                           | <b>Loan size</b> \$350K - \$5M                                                  |                 |
| <b>Portfolio</b> Up to 10 properties on a single DSCR loan                                   |                           | <b>Property</b> 5-30 units, \$500K min value, \$75K avg / unit                  |                 |
| <b>Loan size</b> \$100K - \$3M                                                               |                           |                                                                                 |                 |

**Where we lend:** Nationwide except AZ, CA, MN, ND, NV, SD, UT, VT and US territories. Fix & Flip and New Construction also exclude IL, the city of Newark NJ, and rural (RUCA) properties. Multifamily 5+ also excludes ID.

### WHY BROKERS SEND US DEALS

#### Term sheet in minutes

Our sizer prices the deal up front - rate, points, leverage and reserves.

#### Draws that keep pace

Same-day draw approvals when the photos and invoices are clean.

#### No app or appraisal fee

Nothing out of pocket to get a real quote and get under contract.

#### Apply in one scan

The QR opens an application that routes straight to your rep.
